The market-leading Virtual Football Solution

Virtual Football combines the latest in 3D visualisation with an extensive betting offering.

Just as in real football.

Virtual Football comes with several competition formats to choose from, all of which are based on popular real competitions.

The Euro Cup 2020 is played by the top 24 European national teams, playing a total of 51 matches.

Other product variants are the Nations Cup, the Asian Cup and the Virtual Football Champions Cup (32 teams, 100+ matches), which features the cities with the top European clubs such as Liverpool, Barcelona, Munich or Madrid.

And there's nothing else like it on the market.

All pre-match odds are offered via short and adjustable bet cycles.

[11] In November 2013, it was announced that Crown Sydney had received approval for the casino licence and place at Barangaroo.

Lendlease was contracted for the main construction of the structure, while the Robert Bird Group oversaw structural engineering and LCI as head of MEP servicing.

In 2013, Crown Resorts launched a design competition, seeking expressions of interest from eight architecture firms with experience in similar hospitality focused projects.

[29][30] The jury panel consisted of representatives from Crown Resorts, Lendlease and the Barangaroo Delivery Authority as well as a prominent architect representing the NSW Department of Planning and an observer from the City of Sydney.

[31] A unanimous vote in favour of Wilkinson Eyre's design was finalised in May 2013.

A public observation deck occupies a small section of level 66.
