Operators are not available in all states.

Favorites are the teams laying points, which is represented by a minus (-) sign.

The team in the Underdog role is getting points, which is represented by the pl

us (+) symbol that you wouldn't see on the board but would be represented ne

xt team onto you betting ticket or slip.

If there is no favorite or underdog, the line is called pick'em and is repre

sented by (PK).

5 points still cashed.

The same goes for the Total, which projects the combined number of points expec

ted in a contest.

com Consensus Line.

Those may vary from one another since properties offer up their own lines, so V

I's Consensus Line represents the one that appears most commonly.

College Football Expert Pick 1: USC -3 vs Utah

The Game: Utah vs USC - Dec.

Utah upset USC the last time these teams met.

On the flip side, the Tar Heels have all they need to score with QB Drake Maye a

nd WR Josh Downs.

The OVER/UNDER is as simple as it sounds.

In this example, you choose if there will be OVER or UNDER 58.
