3 billion and is hotly tipped to keep growing

According to many studies, the average Australian spends more money on gambling than in any other nation over \$1,200 per adult each year.

A 2010 study showed that Singapore (which has two very new and successful casinos) Tj T*

But no other nation spends half as much per adult on gambling, with nations like Ireland, Canada and Italy all spending under \$600 per adult per year on betting.

In the UK, studies show that nearly 75% of adults gamble from time to time, and 85% of American adults are said to have gambled at least once in their lifetime with 80% of them having done so in the last year.

Some More Statistics About Online Gambling

In the UK, a survey taken in 2010 and early 2011 found that over 11% of the British public had taken part in "remote gambling" over any given four week period more than the number who were gambling in an entire year just a few years earlier.

Open in New York on November 3 at the United States Open.
