A lot of people assume that they can earn money on TikTok through likes. However, it is not true. The TikTok likes do have a role in getting paid, but views and followers play a more significant role.

Although, keep in mind that Tiktokers make way more money through other channels if they go viral or if they get a lot of views on a regular basis.

One of the most sure-shot ways to monetize your content is by doing a brand partnership. You can collaborate with a brand and create sponsored content including a sponsored post and a video around their products and services. The TikTok app has a demographic of the younger generation and thus is an ideal social media platform for advertisers.
